

# SINGEL/DOUBLE DIE LATA MACHINE

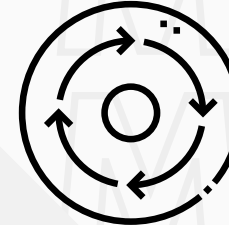

**Aesthetic  
Products**

**Hygienic & Safe  
Design**

**Secured  
Pressing**

**Consistent  
Quality**

**International  
Standards**

The Single Die Lata Machine offers precision manufacturing with minimal waste, ensuring high-quality outputs. Its compact design enhances operational efficiency, making it ideal for small to medium production runs. Easy to operate and maintain, it reduces downtime significantly. Experience faster turnaround times without compromising on quality!

The Single Die Lata Machine features a production capacity of up to 8 to 10 pcs per minute and accommodates various can sizes. Equipped with a robust stainless steel frame, it ensures durability and precision in every operation.

The Single Die dates machine is used for efficiently pitting and processing individual dates, ideal for small-scale production and maintaining fruit quality.

## Easy to Operate

The Single Die Lata Machine operates on a user-friendly control system, allowing for precise adjustments and real-time monitoring.

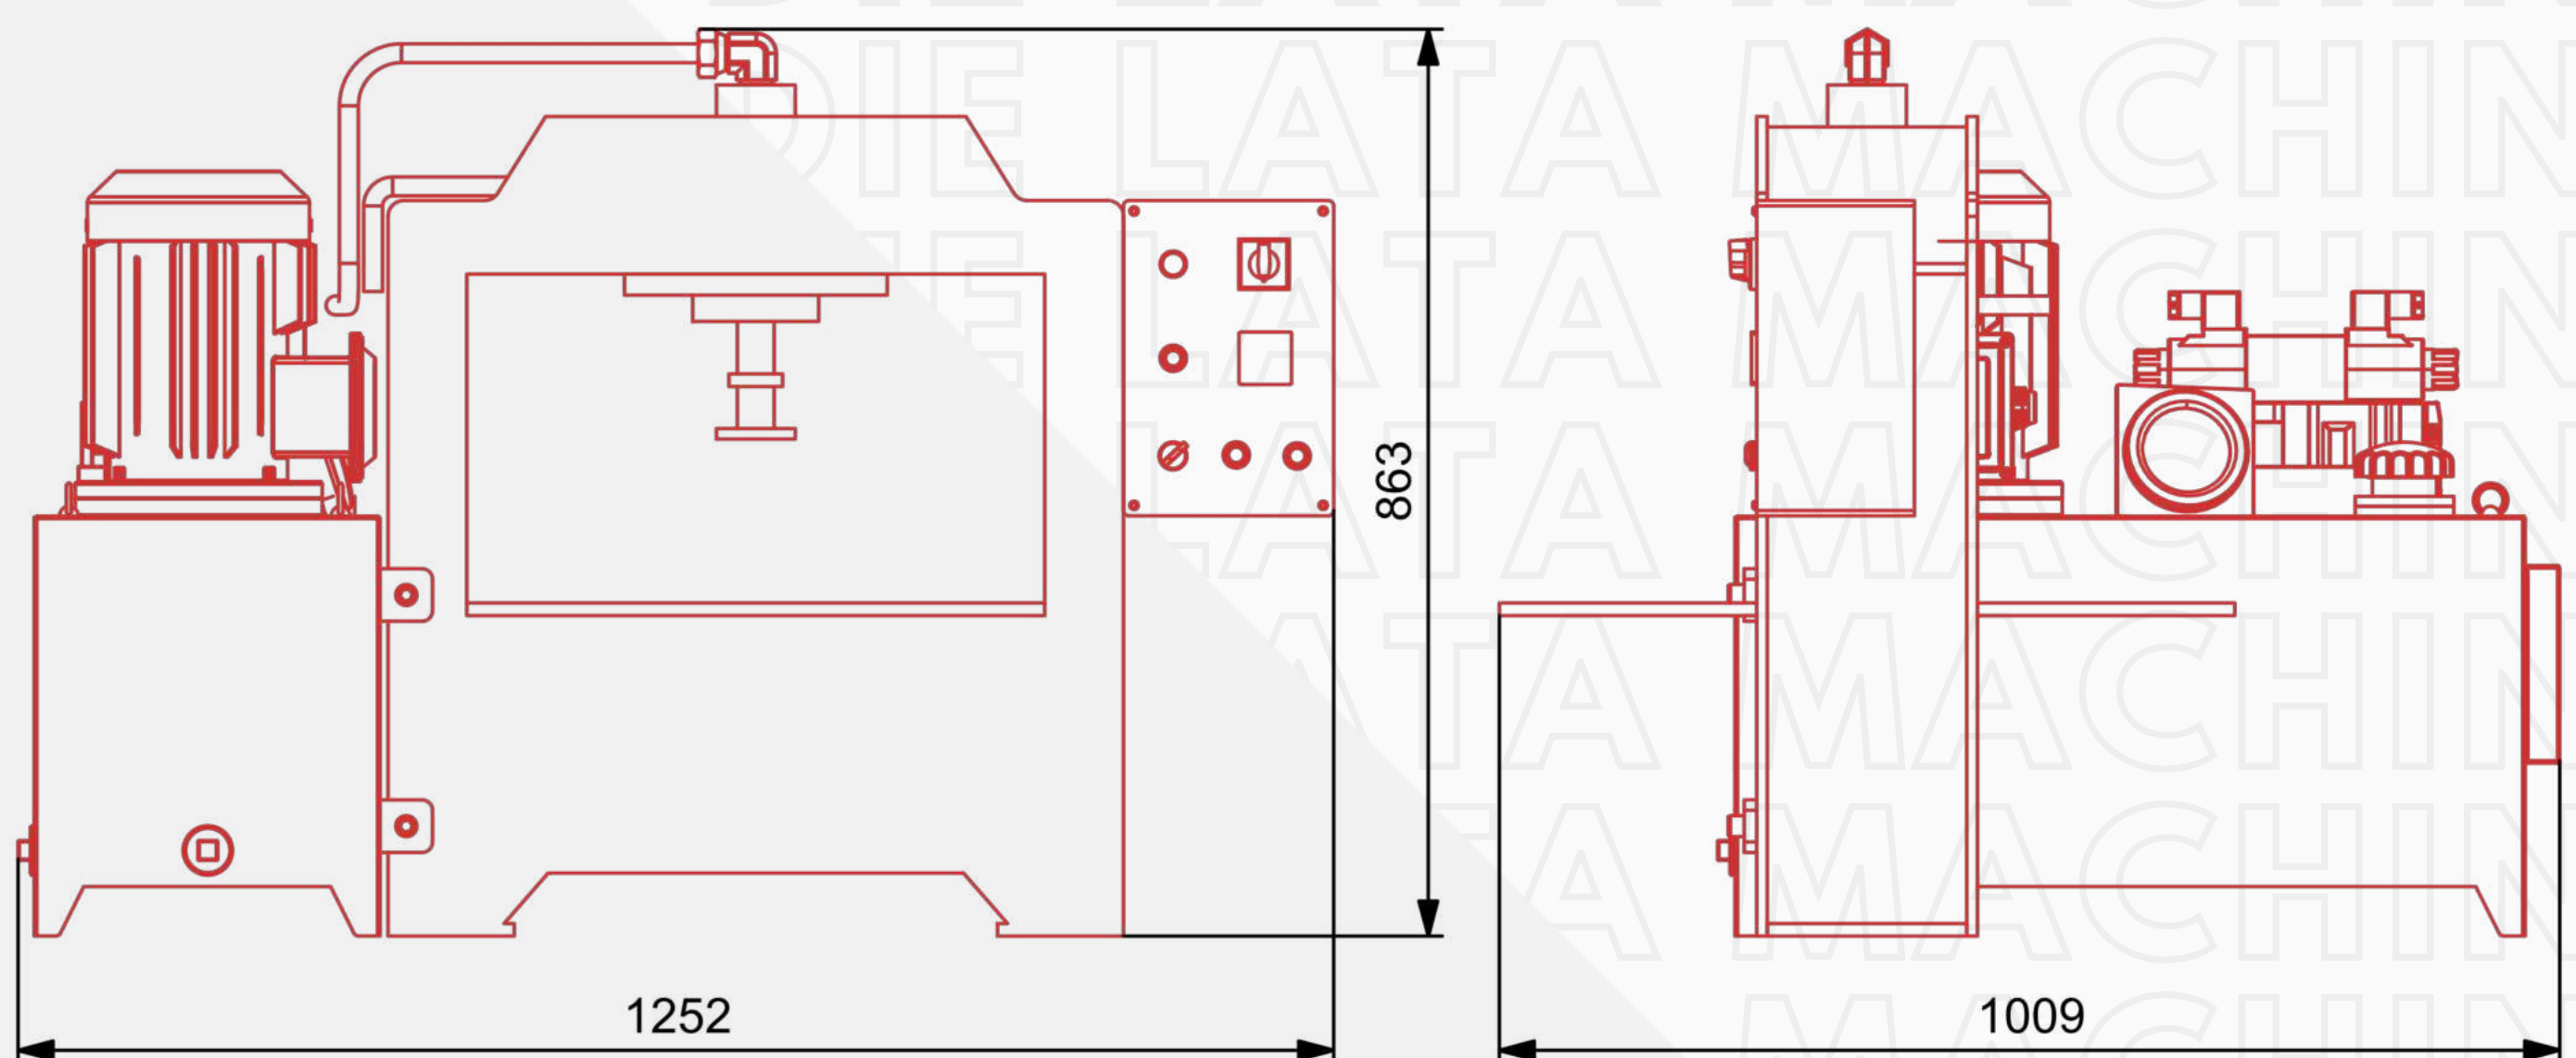

## Easy Maintenance

Maintain the Single Die Lata Machine by regularly cleaning, lubricating moving parts, inspecting components, and ensuring proper operator training.

## Rapid Tech Support

Benefit from our 24\*7 rapid tech support, offering prompt assistance and solutions to minimize downtime and keep your machine running smoothly.

## DIMENSION

## TECHNICAL SPECIFICATIONS

Operation	Timer Based Hydraulic & Electric
Power	1 H.P. (440V AC)
Machine Speed	8 To 10 Pcs/min (Depend On Product)
Shape	Square / Rectangle / Round
Pressure	Variable
Hydraulic Power Pack	1 H.P.
Hydraulic Moter	ABB Make
Hydraulic Pressure	Variable
Packing Size	250 Gram To 1 Kg
Machine Size	1252 z 1009 z 863 mm
Product	Dates & Tamarind
Contact Part	Stainless Steel
